FINAL APPEAL OF CHAIRMAN FOR THE RED CROSS ROLL CALL

Asks Citizens to Come Forward and Register In This Great Work

MORE VOLUNTEERS ARE NEEDED

The Roll Call comes tomorrow, Thursday. We have worked hard and faithfully to prepare our workers to make the canvass. We have tried equally hard to have everyone know of the greatness and goodness of the Red Cross. Surely everyone knows enough to appreciate the extraordinary work done by American Red Cross and are more than willing to enroll once again and pay their membership dues. You cannot afford to be tired of such an appeal as our Roll Call embodies. We want you to renew your allegiance to this great work.

The American Red Cross stands ever ready to "carry on" its work of mercy. It has learned how. A trained organization is ready upon a moment's call to carry its work of mercy anywhere.

Once again we appeal to our people to come forward and register at the Banks and stores—DON'T WAIT TO BE ASKED. The weather has been so bad that it will cause the workers considerable trouble. This is a work that must be done. If you register today you will save some worker just that much time that can be devoted elsewhere. We need workers, "The harvest truly is plenteous, but the workers are few." There are forty squares lying between Lincoln avenue and the Pennsylvania Railroad. That alone means forty workers. We again ask all to volunteer for service, even if your name was not in the first list. To those who live between Crest avenue and Lincoln avenue on Prospect and other avenues, you will do a great service to come forward and register.

We wish we had the power to make you see the great work you are called to "Carry On." If we accept and pray for God's continual blessings. Why; Oh. Why! will we turn aside at this call. This very city has received Charity at the hands of the American Red Cross in the terrible battle with the "Flu." Now we are called upon to God's work in the Charity that all men believe in. The Red Cross knows no race, creed or religion. It knows suffering and how to relieve it.

If you are a worker besure you haveyour own memberships. Display the Flag in your window—rouse your neighbors and friends and then work earnestly. I would that every citizen in our city might read Malachi 3: 1 to 10. Let me call your attention to one paragraph:

"Bring ye the whole tithe unto the storehouse, that there may be meat in mine house.. and prove me now herewith, saith the Lord of Hosts, if I will not open the windows of heaven and pour you out a blessing that there shall not be room enough to receive it."

BIZET-EDELMAN NUPTIALS IN WELLSBURG, W. VA.

Announcement has been made of the marriage of Miss Ida Bizet, daughter of Mr. and Mrs. John Bizet, and Ernest Edelman, son of Mr. and Mrs. John Edleman of Charleroi. The wedding was performed by Rev. Barcus, pastor of the Methodist church of Wellsburg. Mr. and Mrs. Edelman are both well known local young people, and will make their home in Charleroi.

WAYWARD YOUTH IS SENT TO MORGANZA

A 14-year-old Russian boy named Peters, of Charleroi, was before the juvenile court at Washington Monday morning, on a charge of breaking into the Markowitz store and stealing $270. He was sent to the Pennsylvania training school at Morganza.

From the story told before the juvenile court it seems that the boy, about a month ago, was given $16 by his parents to pay for some cow pasture. Instead of paying the bill he spent the money and was then afraid to return home. He went to a barn in the vicinity of his home, where he made a "den." He succeeded in crawling into the loft where baled hay and straw is kept in large quantities. He managed to move the bales so that he had a room in the center. While doing this he found an electric wire and succeeded in attaching a bulb to it. He lived there a month without being discovered. During that period he broke into the Markowitz store six times and took food and clothing. On his last visit he took $270 in cash. This he placed in the front yard of his home and it appears that it was found by his mother.

The boy was discovered by the barn employes. The fuse on the main switch blew out several times and they started to search for the cause. They found the boy in his den sound asleep. He was taken in charge and turned over to the police, who made a thorough investigation of the case, and then took the boy to Washington

LEFT LEG CRUSHED; HAD TO AMPUTATE

Jack Hoyes, aged nine years, son of Mr. and Mrs. John Hoyes, of Gibsonton, was seriously injured Monday evening by a street car on the West Side Electric Railway company resulting in the amputation of his left leg below the knee at the Charleroi-Monessen hospital Tuesday morning

It was not learned how the accident happened, as the injured boy was picked up by the third car running from Monessen to Belle Vernon about 6:25 Monday evening. Two cars had passed the crossing at Gibsonton and the third was traveling some distance behind when the motorman disovered the lad lying along the track.

He stopped the car and picking up the youth found he had received a badly crushed left leg. The boy was unconscious and no one in the vicinity seemed to know how the accident occurred. Both crews of the other cars had no knowledge of the accident until informed of the finding of the injured lad.

It is believed the boy attempted to board thesecond car, which was closed, and thrown under the wheels, his leg being crushed. He was brought to the local hospital, where it was found necessary to make an amputation Tuesday morning, as gangrene had set in.

P. R. R. SANCTIONS NEW REGULATIONS

The Pennsylvania Railroad on Saturday last officially sanctioned the practice of passengers who put their feet on the seats of passenger coaches when those seats are not needed by fellow passengers:

The decision announced in a publicity bulletin reads: "While of course there is not a whole seat for every passenger, trainmen should see that seats are not turned over and an undue amount of space monopolized by one passenger. To go further than this, however, and forbid the turning over of seats even when there is plenty of room, is unnecessary.

"After all passengers have been provided with seats conductors will exercise their judgment in permitting the turning over of seats. Passengers should be required to exercise care to prevent the soiling of seats in placing their feet thereon."

SCHOOL BUILDING DESTROYED BY FIRE AT PHILLIPSBURG

Loss Estimated at $35,000, Greater Part Covered By Insurance

PUPILS MARCH OUT IN ORDER

The Phillipsburg public school building in East Pike Run township near California, was completely destroyed by fire at 9:30 o'clock Tuesday morning the blaze starting in the basement. The loss is estimated at $35,000, which is largely covered by insurance.

Approximately 250 children were in the building at the time the flames were discovered, but they were marched out of the various rooms in good order and none of them were injured.

Burning of the building presents a serious problem to the school board of the district. No other structure in the mining town is available for school purposes and it is likely the children will have to miss their training for a period unless they can find accommodations at California. A special meeting of the board will be held to consider the question.

The Phillipsburg school building was a frame structure of six rooms and was erected about ten years ago. The fire is thought to have had its origin from the furnace in the basement. Volunteers sought to check the flames, but their efforts were in vain. All that spectators could do was to watch the building burn to the ground.

When the alarm was sounded the pupils in the different rooms were either engaged in their studies or in classes. The advantage of previous fire drills was demonstrated by the coolness of the children, who responded to the familiar formation commands of their teachers, drew up in one of the aisles and passed quietly down the stairs and through the outer doors without any confusion or delay. Text books and other equipment were burned and it will be a few weeks before they can be replaced

GOVERNOR SPROUL URGES MEMBERSHIP IN THE RED CROSS

PROCLAMATION.

COMMONWEALTH OF PENNSYLVANIA
EXECUTIVE DEPARTMENT
HARRISBURG

The Governor,

October 28, 1920.

TO THE PEOPLE OF PENNSYLVANIA:

The work of the Red Cross during the late war, with its attendant prevention and alleviation of human suffering, its care of the blind, its assistance to the destitute widows and orphans of our heroic men who gave up their lives for their country, needs now no tribute. That work stands before our citizens and is its own memorial.

But we must not be unmindful that there is and always will be great work to be undertaken by this organization to continue carrying on a system of national and international relief in time of peace, and to apply the same in mitigating the suffering caused by calamities of many kinds. The plans of the Red Cross for the ensuing year are far-reaching, and that these plans may be successful the co-operation of all red-blooded American citizens solicited by the call to again enroll in the organization.

The period from November eleventh (Armistice Day) to November twenty-fifth (Thanksgiving Day) has been selected for the Fourth Red Cross Roll Call, when all citizens will have the honor of renewing their memberships and willingly show their appreciation of the continuing work of the organization.

To this end I extend my heartiest commendation and support with the hope that my fellow-citizens will answer and assist.

(Signed) WM C. SPROUL,
Governor.

LOCALS WILL PLAY MONON. SATURDAY

This Saturday the Charleroi High school football team will play the Monongahela High school team at Monongahela. This will be the next to the last game of the season, and will be one of the determining factors in the race for the county football championship. The locals have won all their county and W. P. I. A. L. games, except the tie game with Washington. If they vanquish Monongahela on Saturday and Donora on Thanksgiving Day another game will most likely have to be played with Washington. The Monongahelahelians have a one-man team, and if the locals can stop that man they will win on Saturday.

ALASKAN GAME.

Alaska has had a game law since 1902, but its enforcement seems to have been left to a Federal department officer thousands of miles away in Washington, with inevitable consequences. Though still in force, the law is said to be very generally disregarded, the miners and "mushers" holding that Alaskans are entitled to all the meat on the hoof they can get at all times. Sportsmen appear to be liberal-minded also, for Wright Wenrich of the South eastern Alaska Fish and Game Club puts the blame for rapid destruction on the wolves. He writes that these are the arch culprits and would solve the problefs by a bounty on wolves. 'I am firmly of the opinion," he says, that if the wolves were exterminated our population, including Indians, could not use the surplus nor the natural increase, provided there was sufficient restriction placed on killing females and yearlings."

A bounty on wolves would be useful of course, but this sportsman fails to keep in view the fact that game was plentiful in spite of the wolves and the Indians before white pothunters took a hand in the killing. Reports show that the destruction of Alaskan game in recent years has been so rapid as to be alarming, the former enormous herds of caribou in the coastal region of Bering Sea having been literally exterminated. Mr. Bellmore Browne, one of the Mt. McKinley mountain climbers, says that in a region where he first found many moose and Carimou he saw only one big buck ten years later in a journey of 150 miles. It is obvious that Alaska needs better game laws and is in greater need still of a determined enforcement of such laws

OFFICERS AFTER ALLEGED GAMBLERS

In an effort to clean up the gambling element in Donora, Constable Charles E. Titus, on Monday, made an information against Joseph Frascatore, an Italian resident of the borough, charging him with operating a gambling house. The information was sworn out before 'Squire Ford.

Constable Titus made the information at the instance of Frank Hagans, a Donora Syrian resident who alleged that he "sat in" at a poker game conducted by Francesco on last Friday night, at which a heavy rake-off was taken by the proprietor. When they all cashed in it was found that Hagans was "shy" of the banker about $40 and it is alleged that Frascatore endeavored to kill him.

MANY TO BE PROSECUTED FOR BAD EGG SALES

More than a third of the 300 lots of eggs being sold as strictly fresh in 15 counties of Pennsylvania turned out, upon examination by state food agents and chemists, to be either cold storage or stale, while some bordered upon theaged state. As a result 80 prosecutions have been ordered by Director James Foust. According to the department, it is a plain case of billing the people, and is not fair to the consumer or the farmer.

Miss Leanna Stephenson spent the past week visiting with her sister, Mrs. George Edel, at Brownsville, who is suffering from an accident which happened five weeks ago when she was struck by a golf ball driven by another player.

SUPPLY OF HUNTERS' LICENSE EXHAUSTED

Pennsylvania hunters have applied for so many hunters' licenses that the State Game Commission has sent out thousands of additonal blanks and arm tags, and Seth B. Gordon of Harrisburg estimates that by the time the requests in hand are filled between 420,000 and 425,000 licenses will have been sent to county treasurers. Among the counties which asked for additional tags was Washington, which had gone away above its quota. Reports received at Harrisburg indicated that comparatively few accidents had occurred among hunters this season.

Lancaster, Pa.—"I was weak and run down, had pains in my head, back and stomach all the time, and bearing down pains. I had used Lydia E. Pinkham's Vegetable Compound and it helped me, so my mother got me to try it again, and I am now feeling better than I have for years. We were married [illegible] years and had no children, but now we have a fine little boy and we always call him our 'Pinkham' boy. The doctor was against my case as I was 41 years old when my boy was born, but I came through all right. You can use this as a testimonial if you wish and I will certainly write to any one who writes to me about it." —Mrs. Margaret G. Havercamp, 529 Howard Avenue, Lancaster, Pa.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

Try MEDICATED VAPORS

For Colds and Coughs that are Deep-seated and Hard to get rid of

The deep-seated cold or cough means that the inflammation has penetrated dangerously far down into the lungs where ordinary treatments are ineffective.

Medicinal vapors should be inhaled nightly to supplement the external treatment. Before retiring, apply Krew-Pina in the nostrils and rub it well over the chest and throat. Then, getting into bed, draw the bed clothes up over the nose so as to form a funnel between the chest and nostrils, and inhale the medicinal vapors the heat of the body causes Krew-Pina to give off. Renew these treatments until the inflammation has been expelled.

Keep a jar of Krew-Pina in the house. It is an ointment composed entirely of simple remedies such as Oil of Pine and other powerful volatile oils—absolutely harmless. At the same time, it is a scientifically compounded, powerful agent for the relief of many household sicknesses and hurts including bronchitis, tonsilitis, croup, sores, foot trouble, lame back, neuralgia, bruises and stone bruises, burns, cuts, etc. 30c and 60c jars—at your druggist's.

Free Sample OF Krew-Pina
WILL BE SENT TO ANY ADDRESS ON REQUEST.
